

ROBERTO TOTTI

A LIFE FOR MOTORCYCLES

**Artistic design, knowledge of motorcycle history,
handcraft value of the product.**

Tottimotori arose in 1973 in Bologna with the preparation of two-stroke engines for endurance racing.

Since 1989 Tottimotori has been working especially in custom HD sector by modifying and building special motorcycles.

Since 1996 work has been focused on the construction of whole exclusive motorcycles or single parts of them and on the restoration of English motorcycles such as Triumph, BSA, HD and Honda, in which Tottimotori can express all its experience.

In 1995 Roberto Totti took part at **Speed Week Bonneville Salt Lake USA** with the special **Kent 01**, the most famous one, then repeated with KENT 02.

In 2006 he opened **Tottimotori - School of engines**, a didactic association for the promotion of the motorcycle culture.

In 2007 the book *MADE IN ITALY* on the specials by Roberto Totti was realized and the articles and reviews on Tottimotori' specials are hundreds both in Italy than abroad.

Roberto Totti is a member of **MDA**, Motorcycles Desing Association, and in 2012 IMBBA USA gave him the prestigious **Master Bike Builder 2** certification, the highest level for a customizer. He is the first one having received it in Italy.
